The screenshot shows the IEEE Xplore Digital Library search results page. The search term "sensor network" is entered in the search box and is highlighted with a red rectangle. Below the search box, there are tabs for "Basic Search", "Author Search", "Publication Search", "Advanced Search", and "Other Search Options". The results display "Displaying results 1-25 of 103,511 for sensor network". The search results are sorted by "Relevance" and show 25 results per page. A red box highlights a specific search result: "Mobile Network Supported Wireless Sensor Network Services" by S. Krcic, M. Johansson, V. Tsialis, I. Cubic, K. Matusikova, R. Giffitho. The result includes the title, authors, conference name, year, pages, DOI, and citation information. Below the result, there are options to "Abstract", "Full-Text", and "IEEE Access".

Abstract:

Wireless sensor networking research has been mainly focused on internal wireless sensor network issues such as MAC and routing protocols, energy saving, HW design and to some extent on the architecture of gateways that connect a wireless sensor network with the rest of the world. Wireless sensor networks have been seen as dedicated to one task by one owner. On the other hand, our research is focused on integration of wireless sensor networks into existing networks, primarily mobile ones, and provision of sensor based and/or enhanced services to remote users. Therefore, we have been working on designing an architecture that utilizes the existing infrastructure to deliver the needed information and data to remote users.

The screenshot shows the IEEE.org homepage. At the top right, there is a navigation bar with 'Cart (0)', 'Create Account', and a 'Sign in' button with a user icon, which is highlighted with a red box. Below this is a login form with fields for 'E-mail address' and 'Password', and a 'Sign in' button. The main navigation menu includes: About IEEE, Membership & Services, Societies & Communities, Publications & Standards, Conferences & Events, Education & Careers, and Contact & Support. A search bar is located below the navigation menu.

The screenshot shows the 'Volunteer with IEEE' page. The main heading is 'Volunteer with IEEE'. Below it, the text reads: 'Join IEEE and take advantage of meaningful volunteering opportunities that build leadership and networking skills.' There are three bullet points: 'Join today', 'Share your expertise with other members', and 'See volunteer opportunities'. To the right, there is a video player showing a group of people working together. Below the video, there is a section for 'IEEE Membership' with a 'Join/Renew IEEE or a Society' heading. The text says: 'As a member of IEEE, you'll receive access to select content, product discounts, and more.' There are 'Join' and 'Renew' buttons. Below this is a 'Welcome members!' section with the 'myIEEE' logo and text: 'IEEE members can visit myIEEE for member benefits and resources.' There is an 'Access myIEEE' button and a link to 'Learn more about myIEEE'. At the bottom, there is a section for 'Events' with a video player and the text: 'IEEE INFOCOM 2016 - IEEE Conference on Computer Communications'. There is also a 'Technologies' section with links for 'IEEE Projects', 'IEEE Societies', 'IEEE Portals', and 'IEEE Foundation'.
